**KNAPHEIDE CAN TURN YOUR
VAN INTO A SHOP ON WHEELS
IN JUST 18 HOURS!**

Effective January 1, 2016 through the end of the year, Knapheide Truck Equipment Center will launch the Sortimo By Knapheide Exxpand "Fast 18" Program. The Fast 18 Program offers dealerships 18 hour turn around time on single order van upfits.

Each upfit will include a Protexx Partition and Shelf Staxx. Three Shelf Staxx for full-size vans and two Shelf Staxx for small vans.

To meet program requirements, dealerships must provide the chassis. The 18 hour timeline does not begin until the chassis has been received by Knapheide Truck Equipment Center. Only weekdays are eligible (Monday-Friday) for the Fast 18. The addition of any accessories will require additional upfit time and the upfit will not qualify for the Fast 18 program.

Why wait? Make your van into a work van in just 18 hours with Knapheide Truck Equipment Center!

For additional information, call 214-677-9995 or fax 972-617-8581.

- Call for volume order scheduling.
- Knapheide Truck Equipment Center may end this promotion at any time.

The Knapheide Truck Equipment Center
398 North Interstate 35 Service Road
Red Oak, TX 75154
