

// KNAPHEIDE TRUCK EQUIPMENT CENTER

FAST 48 PROGRAM

Effective January 1, 2016, Knapheide Truck Equipment Center will continue the “Fast 48” Program. The Fast 48 Program offers dealerships 48 hour turn-around time on common Knapheide upfits, including:

- **PGNB-96A Gooseneck Bodies**
(with or without up to 2 toolboxes)
- **PGNB-116A Gooseneck Bodies**
(with or without up to 2 toolboxes)
- **696J Service Bodies**
(with or without masterlocks)
- **696FJ40 Service Bodies**
(with or without masterlocks)

PROGRAM REQUIREMENTS

Dealerships must provide the chassis. The 48 hour time line does not begin until the chassis has been received by Knapheide Truck Equipment Center. Only weekdays are eligible (Monday–Friday) for the Fast 48. The addition of any accessories or options (excluding the options listed previously) will require additional upfit time and thus not qualify for the Fast 48 program.

For questions on the Fast 48 Program, please call 214-677-9995.

*Knapheide Truck Equipment Center may end promotion at any time
